

# Italian Brainrot

Inspired by Who's the Bestiary? For NAN 109

- Italian Brainrot are abstract AI generated photos, sometimes with animation, emerging early this year on social media platforms like TikTok and beyond
  - Often are in the form of a video and feature a male Italian voice reading out the name
- You will be given either the photo of Italian brainrot or the name and have to guess what it is. Describe for audio listeners. Closest wins
